DETAILED ACTION

Allowable Subject Matter

1. Claims 1 and 24-30 are allowed over prior art of record.

Reasons For Allowance

2. The following is an examiner's statement of reasons for allowance:

After further search and consideration of Applicants' response in the Supplemental Amendment under 37 C.F.R. 1.111 filed on July 27th, 2006 (see Applicants' response in Page 7 of the July 27th, response), it is determined that the prior art of record neither anticipates nor renders obvious the claimed subject matter of the instant application as a whole taken alone or in combination, in particular, prior art of record does not teach "removing a epitaxial channel on a first vertical side surface of the layer and then removing the layer, thereby exposing a second vertical sidewall of the channel formed on the second vertical side of the layer; and forming a second channel in place of the removed channel", as recited in the independent claims 1 and 24.

Claims 25-30 also allowed as being directly or indirectly dependent of the allowed independent base claims.

3. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
